DEPLORABLE

Accident at Fourteenth and Broadway Last Monday Morning.

Sister Mary Anthony Killed and Sister Mary Leander Seriously Hurt.

The News Spread Rapidly and Caused Deep Sorrow in the Whole City.

NARROW ESCAPE FOR OTHERS

A deplorable accident occurred at Fourteenth and Broadway at 7:30 o'clock last Monday morning, in which one Sister of Charity of Nazareth lost her life, another Sister of the same order was seriously, if not fatally, injured and two other women school teachers were severely hurt.

The news of the accident shocked the entire community and there was widespread regret of the sudden death of the beloved Sister Mary Anthony, of St. Helena's.

An account of the accident, briefly stated, is as follows: Broadway car 581, west bound, was going at a rapid rate when it came to the intersection of Fourteenth street at 7:30 o'clock. At the same moment a Pennsylvania switch engine was moving a cut of cars out of Fourteenth street on the tracks of the company. There are safety gates at Fourteenth street and Broadway and these gates were down, precluding the possibility of the street car passing except at its own risk. In the street car were seated ten passengers, among them Sister Mary Anthony, Sister Mary Leander, Miss Mary McGill, of 1605 Second street, and Miss Alice Mullane, of 1202 Fourth avenue. All of these were in the front part of the car. Sister Mary Anthony rushed to the rear of the street car, jumped and was almost instantly killed. Sister Mary Leander was dangerously hurt. Miss Mary McGill suffered serious bruises, as also did Miss Alice Mullane.

Sisters Mary Anthony and Mary Leander were on their way to teach school at Seventeenth and Broadway, at the Sacred Heart parochial school. The Misses McGill and Mullane are public school teachers and were on their way to their school, at Seventeenth and Kentucky streets, to follow their daily duties.

The engineer of the Pennsylvania train, Joseph Wahl, is a careful man and in his statement says the gates were down and he had a signal to move his train out of Fourteenth street. The signal man also says he gave every warning for the street car not to approach in the face of danger.

The Street Railway Company, in defense of the motorman says that the car tracks were slippery on account of rain and that the motorman could not stop his car. The motorman, Gillian, is a new man in the service of the company and it is claimed he has had but little experience in this line of work. Of course this will all be brought out in the investigation to be held by the coroner.

Sister Mary Anthony, who was killed, was born in Birmingham, Ala., thirty-two years ago. Her name before taking the veil was Frances Nallen, and she was the daughter of James Nallen, a merchant of some prominence. Early in life she decided to devote herself to religious work, and she went to Nazareth Academy to enter the novitiate when she was only sixteen years old. After Sister Mary Anthony had taken her vows she remained at Nazareth three years, fitting herself for work as a teacher. She was then sent to Covington, where she taught nine years in St. Mary's school. She was then transferred to Hyde Park, Mass., where she taught four years in St. Raphael's school, before coming to Louisville. On coming to this city Sister Mary Anthony was assigned to the Sacred Heart school, where she had taught three years. She was a woman of lovely character and was greatly beloved by her pupils.

Sister Mary Leander's original name was Martha Biting. She was born and spent her early life in Cincinnati. When eighteen years old she entered the novitiate at Nazareth, and after completing her education there went to Corning, Ohio, where she taught at St. Bernard's school. She was then sent to St. Bridgid's school in Memphis, and from that city came here. She is suffering from great nervous shock as well as bruises, but may recover.

Miss Mary McGill lives with her father, Charles McGill, at 1605 Second street. She has been a teacher in the public schools for many years. She is a sister of Miss Anna McGill, the milliner.

Instantaneous with the accident Rev. Patrick Walsh, of the Sacred Heart church, and Father Felten were on the scene and administered to the dying and injured. A large crowd soon assembled, among the number many of the children whom the Sisters taught, and the scene was a pathetic one. The two Sisters were removed to St. Joseph's Infirmary, where the body of Sister Mary Anthony lay until Tuesday, when it was taken to Nazareth. Mother Aurea and sixteen Sisters accompanied the remains, and the solemn funeral services were held Wednesday morning. Father Walsh was

celebrant of the mass of requiem, and was assisted by Father O'Sullivan as deacon and Father Felten as subdeacon. Father Davis, chaplain of Nazareth Academy, acting as master of ceremonies.

All the parochial schools were dismissed Monday morning and remained closed till Thursday, and on Tuesday masses were celebrated for the repose of the soul of Sister Mary Anthony at the Sacred Heart church, St. Joseph's Infirmary and at other chapels.

Thursday evening the representative of the Kentucky Irish American was informed that Sister Mary Leander and Miss Mullane, who was taken to the infirmary Wednesday, were resting easy, though both were still suffering from the effects of the awful shock they sustained. Miss McGill was removed from the scene to her home, and it is now thought her injuries will not prove serious. The two public school teachers were well known, and from all parts of the city anxious inquiries are constantly coming as to their condition. Bad as was the accident, it is a miracle that it was not more fatal, and the reason for that is that it was not worse.

SENATOR LABAN PHELPS

Candidate For Mayor Upon a Platform That Appeals to All.

The announcement that Senator Laban Phelps would seek the Democratic nomination for Mayor, subject to the action

of the Democratic party, naturally brought to his support many of the leading Democrats of the city, for it is generally conceded no man holds a higher place in the estimation of the public as a citizen, business man, Democrat and politician. He comes of one of the oldest families in Louisville, for years engaged in the tobacco trade, with an honorable record. He is a brother of the late Zach Phelps, long a leading Democratic politician and friend of many of those now holding municipal office. When Laban Phelps decided to run for Senator against his own will he was almost unanimously elected. His record as Senator is without blemish.

If Senator Phelps is elected Mayor of Louisville he will favor the building of more sewers and streets and of strict economy in the conduct of the city's business. He already has a strong organization and his headquarters are on Court Place, near Sixth street. The platform upon which the Senator is making his race is one that appeals to all who have the best interests of Louisville at heart. Good government and a square deal are promised, and this is what our citizens desire. A man of marked executive ability and business capacity and popular with the masses, his friends are making strenuous efforts for his nomination.

JUDGE ALEX. DOWLING.

Unity Council Appreciates Services of the Great Lawyer.

Tuesday night Unity Council, Y. M. I., of New Albany, met in regular session and disposed of quite an amount of business. The applications of Thomas Connell, Joseph Adler, Will Houston, Robert Bischoff, Adam Oberhausen and John Wolf were received, showing that the work of increasing the membership to 300 continues. One new member, Dennis Richard, was elected, and Messrs. Louis Schmitt, William Conliff, Herman Gohmann and Fred Lamke were reported on the sick list.

Resolutions were adopted and Secretary Martel was instructed to write a letter to Judge Alexander Dowling, thanking that gentleman for the invaluable services rendered the Y. M. I. in connection with the purchase of the lot for their home. Judge Dowling is a friend of the young men of New Albany, and this fact is fully realized by the boys of Unity. The committee organizing a hall team reported progress, and before adjourning President Hinkebein announced a called meeting of the Ezeperals for Friday night.

BISHOP GOES SOUTH.

Bishop Spalding left Peoria last Tuesday night for Hot Springs, where he expects to regain his health. The Bishop was transferred from his carriage to the special car in a wheel chair, and although he was very weak he appeared in fine spirits, bidding his friends good-bye in response to the many kind words of solicitation and God-speed. He was accompanied by his two sisters, Mrs. Slevin, of Peoria, and Mrs. Spalding, of Lebanon; Father Riordan, of Chicago, and his brother, Dr. Spalding, of Peoria.

SATOLLI COUNCIL.

Important Matter Discussed and Disposed of Monday Night.

The meeting of Satolli Council Monday night was well attended and a number of important matters were discussed and disposed of. The Joint Committee reported the establishment of an employment bureau, to which applications for positions, as well as for men, could be referred by the various councils, so that any not working could thus be placed in position to obtain employment. The committee also reported the establishment of a lecture bureau, stating that the bureau is now working on a joint meeting to be held at Trinity Council. In this connection it is to be hoped the members will make a better showing than at the last lecture, as such an attendance did not speak well for the future progress of the Y. M. I. organization in the city of Louisville, nor did it indicate that friendly feeling that should exist between the respective councils. Some action should be taken by the councils to see that the nights selected by the Joint Committee for joint meetings are respected by the other councils to the extent of not arranging competitive meetings.

The matter of the sunset excursion to be given by the Satolli Glee Club was thoroughly discussed, and July 10th was selected as the date. Invitations will be issued instead of tickets, and no pains will be spared to make the event an enjoyable one. The Committee on Real Estate was instructed to proceed with the plan they had formulated with regard to the disposition of the lot at Seventeenth and Hill streets, which had been secured by the committee. Information on this point may be obtained from the members. A communication received from the President of Robert F. Doyle Council, of Cincinnati, stated they hoped to be in their new club house by June next, and extended the hospitality of the council to the Satolli boys. The Baseball Committee had no report as to their team, but President Conliff instructed them to get right to work, so that arrangements could be made to play the teams of the other councils throughout the State.

This was the first meeting held by the council in the past few months at which some new members were not obligated or elected, and this break in the record was due to the absence of the Investigation Committee.

WELL KNOWN HERE.

Death of Rev. Father Edward Tuohy of Buenos Ayres.

News was received last Friday at the Passionist Retreat on the Newburg road of the death of Rev. Father Edward Tuohy, a distinguished priest of the Passionist order, which occurred at Buenos Ayres on February 12.

Father Tuohy was the son of Peter Tuohy, a retired contractor of West Hoboken. He was born in that town in 1859 and received his early education in St. Mary's school. He entered St. Paul's monastery at Pittsburgh at the age of fifteen and was ordained as a priest of the Passionist order in Rome in 1881. Subsequent to his return to America Father Tuohy became professor of philosophy and theology in the Passionist monasteries of Louisville, Cincinnati and Baltimore. He was rector of St. Joseph's church at Baltimore and then became rector of the Passionist monastery at Buenos Ayres. Father Tuohy was well known in the Louisville diocese, and the news of his death, which was sudden and unexpected, was received with feelings of extreme sorrow. He had been in South America about five years and his missionary work was being crowned with great success.

"GOOD BYE, JOHN."

President Roosevelt's Farewell Greeting to Driver John Halligan.

When President Roosevelt concluded his trip through Louisville and was about to board his train for St. Louis he bid farewell to John Halligan, driver of engine company No. 2, who drove the carriage in which the President, his Secretary and Logan C. Murray rode. "Good bye, John," said the President, grasping the hand of Halligan, the same as if they had been old chums. "When you come to Washington don't fail to come and see me. You are a good driver, sure enough."

Fireman Halligan was, of course, "tickled to death," as the expression goes, at the cordiality of the President, and when he does go to Washington Teddy will be the first one he will hunt up.

RECEPTION TUESDAY EVENING.

The Falls City Bowling League, having ended its season, will hold a reception for the members Tuesday evening at the Haeger club rooms and distribute prizes to the winners. This league, under the guidance of President F. O. Harper and Secretary D. J. Gleason, has had a successful season and has set a pace from the point of good-fellowship that the others would do well to emulate.

DELIGHTED

Are Hibernians With New Hall in Hopkins Theater Building.

Great Ovation for Martin Sheehan, Winner of Gold Watch.

State and County Officers Commend and Encourage Division 3.

PLEA FOR THE YOUNGER MEN

The first meeting to take place in the new hall of the Ancient Order of Hibernians, in the Hopkins Theater building,

MARTIN SHEEHAN.

was held Monday night under the auspices of Division 3. There was a splendid gathering. State and county officers and visitors from the other divisions being present in large numbers. Everything had been arranged under the direction of the County Board of Directors, and as men after men entered there was a continuous expression of delight and satisfaction with the new quarters. Bright colored carpets covered the floor, the pictures were artistically arranged and the rooms were brilliant with electric lights. Pioneers of Division 3, among them Patrick Nelligan, John Cavanaugh, Patrick Holly and Thomas Kennedy, were present and intimated that hereafter they would be regular attendants and that the meetings should now assume their old-time proportions.

Owing to the absence of President Welsh, who is a Deputy Assessor and is working for the nomination of Pres Ray, the chair was occupied by Vice President Patrick Welsh, who presided with ease and dignity that marks the experienced parliamentarian. A communication from County Secretary Connolly was read regarding the late membership contest, and when announcement was made of the number of candidates secured by Martin Sheehan that gentleman was given a great ovation. When the applause had subsided a unanimous vote of thanks was given Denny Coleman and his campaign committee for their efforts, which resulted in the capture of the gold prize of \$50 for Division 3. This sum will be used to defray the expenses of an entertainment to be given the members soon after Lent, preparation for which is now being made by Chairman Patrick T. Sullivan and the Literary Committee.

The death claim of Michael King was ordered paid and a special committee named to prepare resolutions of sympathy to be sent the bereaved family. John Niland, who has been on the sick list, was reported much better. When another application for membership had been filed it was stated that already another class of fifteen candidates was ready for initiation. After the regular order of business an hour was devoted to short addresses for the good of the order, during which it was made known that the County Board would meet Thursday night and arrange for the distribution of the St. Patrick's day awards.

The editor of the Kentucky Irish American reviewed the work of the past few years and made an earnest plea for the erection of a Hibernian Hall in the central part of the city, that would meet the requirements of our many Catholic fraternal societies. The needs for such a building are apparent to all, and if the present County Board would assume the undertaking its success would be assured. Thomas Kennedy said he was proud of Division 3 and the young County President, Thomas Quinn. He appealed to every one present to secure five more applications and again make this the banner division, not of Kentucky, but of the South and West.

James Coleman, former State Secretary, made a strong plea for the young men. The value of their membership was, he said, almost incalculable. Members must continue to bring in the young men to build up the organization, and nothing should be left undone that would provide for their entertainment at the meetings. He also suggested a series of annual reunions and declared himself satisfied with the new hall and its equipment.

State President Thomas Keenan and

National Director Butler were there to inspect the new hall, with which they were perfectly satisfied. They urged those present to keep busy and push the work of increasing the membership. The State President invited his hearers to attend the meeting of Division 1 next Tuesday night, when they would see another large accession to the ranks of the order.

John Mulloy, who inaugurated the membership contest, exhibited the prizes that were to be awarded and called for the lists that they might be made a special record of the County Board. And here it might be well to state that the handsome gold watches contested for were the gifts of John M. Mulloy, National Director Butler, State President Keenan and the Kentucky Irish American.

Patrick Mullen, Dan Dougherty and others were highly gratified to see such a large attendance and an interest that will keep alive the spirit of Hibernianism. County President Quinn had kind words for the Kentucky Irish American for its loyalty to the order, and also for all who took any interest in the St. Patrick's day initiation, the benefits of which would be lasting. He intimated that the work of organization would be continued until every worthy Irish Catholic was a member.

GAELIC CHAIRS

To Be Established at Harvard, Columbia and at Toronto.

From the Universities of Harvard, Columbia and Toronto comes assurance that the chairs in the Gaelic language for the study of its beautiful literature will soon be established. Many of the professors of these institutions took up the Gaelic language during the last summer. President Eliot, of Harvard, declares that the Annals of the Four Masters is the peer of any of the ancient histories and the old Gaelic literature to be a rich mine of poetry and weird tradition. The Gaelic Society has done much to revive interest in this neglected tongue, and Mrs. Green, who visited this country last year in the interests of that language and literature, was instrumental in rousing the interest of the heads of colleges and universities to the effect that many of them have taken up the study. This lady is the compiler of several valuable Irish historical works and is thoroughly informed on the subject.

GOLD AND GREEN.

Ladies of Hibernian Auxiliary Arrange Contest For Banquet.

The Ladies' Auxiliary of the Ancient Order of Hibernians held an interesting and enthusiastic meeting Wednesday night in the Hopkins Theater building, with a rather surprisingly large attendance. There was but little difficulty in finding the meeting place, though some made their way to strange and amusing places. Some little time was given to an inspection of the new quarters, which were declared satisfactory in every way. The ladies seemed well pleased with the hall and had only words of praise for the arrangement of its furnishings.

Resolutions were reported on the death of Miss Katherine Anshro and the charter was draped in respect to her memory. After the transaction of the usual routine business there was an interesting discussion as to how to increase the membership to 500. The result was the selection of two teams, to be known as the gold and green, that will wage a vigorous contest from now till September 1 for new members, the losing side to defray the expenses of a banquet for the winners. Those composing the gold team selected Miss Maggie Coughlin as their leader, while the ladies representing the green conferred the honor on Miss Ella O'Connell. This contest will be watched with interest, as it will be waged in all sections of the city.

LAETERE MEDAL.

Notre Dame Confers Honor on Thomas B. Fitzpatrick of Boston.

The Laetere medal is a distinction annually conferred by Notre Dame University upon a conspicuous member of the Catholic laity in America who has stood for eminence in some specific field of literature, science or art or for notable achievement in broad philanthropic effort. This year the university chooses Thomas B. Fitzpatrick as the senior member of the firm of Brown, Durrell & Co., of Boston and New York. He was born in Grafton, Mass., in 1844. His early years were spent on his father's farm, near Hopkinton, digging out stumps or cultivating the soil. It was also his practice to collect berries from his neighbors and travel by night with his wagon load to the Boston market, a distance of some forty miles.

At eighteen young Fitzpatrick went to Boston, where he began his apprenticeship in the dry goods business. The acquaintance he formed with Oliver H. Durrell grew into a strong friendship. In 1865 Mr. Fitzpatrick became a traveling salesman for Mason, Tucker & Co. He worked for this firm seven years. After the Boston fire of 1872 the old firm of Brown, Button & Co. was re-established under the name of Brown, Durrell & Co., with Mr. Fitzpatrick as a third member.

Today Fitzpatrick is one of Boston's most prominent Catholics and best known business men. His name has of late years been identified with all the great Catholic philanthropic movements in Boston. He was largely responsible for the establishment of the Working Girls' Home on Union Park street, in charge of the Gray Nuns. He is a Director and one of the chief supporters of the Working Boys' Home. He gave the site and most of the funds for the Boston Cottage at the Catholic Summer School, Plattsburg, N. Y. As President of the Boston Catholic Union, the most prominent Catholic social organization of the city, he was instrumental in providing a stately building for that society. He has long been one of the main props of St. Mary's Infant Asylum. He contributed generously to the Catholic University, Washington, D. C., and was the originator of the proposal to secure 100 annual contributors to that institution. For a number of years he was Treasurer of the Irish League.

JAMES B. BROWN.

Candidate of Young Democracy For Office of Sheriff.

James B. Brown, the present efficient City Tax Receiver, is announced for the Democratic nomination for Sheriff of Jefferson county, subject to the action of the Democratic party. Previous to going into city politics he was a trusted

official in a confidential capacity of a leading corporation in Louisville. How well he has discharged his duties as City Tax Receiver is too well known to be recorded here in full. Suffice it to say Mr. Brown has made a record as Tax Receiver which has not been equalled by any of his predecessors in the matter of tax collections. He has collected more taxes in proportion than any former Tax Receiver. Mr. Brown under the law is not eligible for re-election to his present position. If he were eligible he would be renominated and elected. This time Mr. Brown aspires to be Sheriff and his legion of friends in the Democratic party are coming to his support. It goes without saying that should he be nominated he would make a strong race at the polls, as he has a big following among the young Democrats and will be voted for as their representative.

GAELIC SOCIETY.

Move to Force British to Recognize Ancient Tongue.

Aid from the President will be invoked by the Gaelic Society of New York, which will soon dispatch 200 letters addressed in the ancient Celtic tongue and defy the British Postmaster General to refuse to deliver them. If the missives do not reach their destination promptly President Roosevelt will be asked to inquire through the proper authorities why mail from the United States is not forwarded promptly in consonance with the agreements of the International Postal Union. The Gaelic is said to find little official favor in England, but letters addressed in Scotch Gaelic reach their proper destination, and Indian princes adorn the back of envelopes with strange characters, which somehow reach those for whom they are designed. Throughout the world Irishmen who have prospered in other lands are aiding a movement for the revival of the old language, with the hope that it will re-awaken the ideals and realisms of their people. All communications are sent from members of the League to their friends in the mother tongue. Although the English Postmaster General has made no formal ruling on the matter, his subordinates have not been delivering correspondence in Gaelic in many cases, and sometimes it has reached its destination days and often weeks late.

BECOMES GENERAL MANAGER.

Thomas Keenan, for the past eighteen years a trusted and valued employee of the J. M. Robinson-Norton Dry Goods Company, has tendered his resignation to that company, to take effect May 1, when he will become General Manager of the Jackson Woolen Mills, at Jackson, Tenn., one of the largest in the South. Mr. Keenan entered the Main-street house when but a boy, but by his integrity and faithful services has advanced step by step to the top. Patrons and employees of the house regret his departure, but the best wishes of one and all will follow him in his new and more responsible position.

CALIFORNIA

Objective Point of the Knights of Columbus of Entire Country.

Enthusiasm Regarding the National Convention Has Reached Here.

Special Trains Are Now Scheduled From Principal Cities.

A GREAT CATHOLIC GATHERING

Enthusiasm regarding the coming national convention of the Knights of Columbus at Los Angeles has reached Louisville, and it is hoped by many a chartered car will be made up here that will be attached to one of the special trains destined for California upon that occasion. The Louisville party might join the Knights from the East at St. Louis, who will ride in one of the palatially equipped Pullman trains over the entire route. A special schedule has been adopted having in mind especially the comfort of the tourists. Desirable points will be visited en route and in many places it has been arranged to spend the day. A day will be spent in St. Louis, Kansas City and Denver. A special excursion has been arranged to Georgetown Loop, Cripple Creek, Pike's Peak and the Garden of the Gods. On the way out, aside from the places already mentioned, special visits will be made to the Royal Gorge, Salt Air, and Sunday will be spent at the Capitol of the Mormons, Salt Lake City, besides a day at the Santa Catalina Islands, Manitou and Monterey. On the return from Los Angeles special trips will be made to Santa Barbara and Mt. Tamalpais, while two days will be spent in San Francisco. Tacoma and Seattle are also to be visited. Two days will be spent at the great exposition at Portland and five days in Yellowstone Park. On the return home Minneapolis, St. Paul and Chicago will be visited and a day spent in each of these cities.

The Executive Committee in charge of the arrangements for the national council and general reunion of Knights of Columbus in Los Angeles are in receipt of letters from various parts of the country showing the great enthusiasm which is being developed in the movement for a general reunion. Special trains are now scheduled to leave for Los Angeles from Buffalo, Cleveland, Brooklyn, New York, Jersey City, St. Louis, Chicago, New Orleans and El Paso. The northern part of California will probably be represented by about two thousand visitors and a conservative estimate indicates that this will be the most representative gathering of Catholics ever held in the country.

United States Senator Thomas H. Carter, who is a prominent Knight of Columbus, will assist United States Senator Frank P. Flint, of Los Angeles, at the civic reception given by the Chamber of Commerce to the national representatives. Arrangements for a grand barbecue at San Juan Capistrano mission will be under the immediate direction of Count Bozenta, husband of Mme. Modjeska; Charles F. Lummis, the noted archaeologist; William R. Rowland, ex-Sheriff of Los Angeles county; Richard Egan, of the village of Capistrano, and several other local celebrities well known for the hospitality exemplified in the old days of the fiestas of California.

The banquet will take place in the Turnverein Hall in Los Angeles, and will probably be the most elaborate function of the kind ever given in the city. The grand ball will take place in the spacious pavilion at Playa del Rey (play ground of the king), which is reached through a beautiful section of the country over the Los Angeles Pacific electric railroad and is situated on the edge of the Pacific ocean, adjacent to a spacious lagoon two miles long. Indications now point to a parade of thirty-five hundred Knights on Saturday evening prior to the exemplification of the fourth degree, when they will be headed by the League of the Cross Cadets band, of San Francisco, who will be in evidence during the entire week.

Already the city is alive to the importance of the gathering, and the old Pueblo of Los Angeles will be gaily decorated with bunting and other evidences of the festival, while the newer section will be illuminated by elaborate electric lights. After the week of the national council the visitors will travel northward, where a special programme of entertainment has already been arranged by the Knights of San Francisco and vicinity, who will give the visitors another sample of Californian hospitality.

HAVE NO HOPE.

The General of the Jesuit order, Father Martin, also called the "Black Pope," has not made any progress toward recovery, says a Rome dispatch. It is the opinion of the physicians in attendance that he is suffering from an incurable disease, and that the only way to prolong his life would be an operation which, on account of his advanced age, the surgeons refuse to undertake. He has been removed to Fiesole, where the Jesuit order possesses a magnificent establishment, for many years the residence of the General.

FEDERATION AND CAPITAL.

On several occasions the Syracuse Catholic Sun has truthfully asserted that the American Federation of Labor is the best friend capital has in the country. Why? Because the federation has steadfastly refused to go over to Socialism when invited. It is a great pity capital can not see this. In the name of heaven what would happen to our civilization if it did? The votes of those millions of laborers would wreck the country. Everyone familiar with existing conditions must admit this is true; and yet the federation is most viciously attacked almost daily by the various hired or bribed Parry journals who seek to disorganize the labor unions.

This week a dispatch comes from Washington stating that Samuel Gompers has notified the Federation of Labor to cease making contributions to the Western Federation of Miners. The Western Federation is rankly socialistic. So is the American Labor Union (so-called) which has announced a convention in June for the purpose of forming "another federation." Because these two bodies are nothing if not socialistic, President Gompers is making war upon them.

Of course, socialism and the American Federation of Labor can never agree. Most of the membership of the latter is staunchly Catholic, and Catholics will always refuse to be led around by the nose by Socialists. Meantime, is it not apparent that employers of labor ought to give the American Federation its just due instead of waging war upon it? It is actually standing between socialism and the destruction of man's right to own and operate private property. Let honest capital and honest labor proceed to get together. It is dangerous for them to stand apart.

Gov. Hanly, of Indiana, who appoints the city Police Commissioners in all cities in that State, has given instructions to these commissioners that the Nicholson law must be obeyed to the letter. This law provides that all saloons must be closed at 11 o'clock at night and that on Sunday no saloon shall be opened from 11 o'clock Saturday night to 5 o'clock Monday morning. This dictum of Gov. Hanly is now being carried out in New Albany and Jeffersonville. The Governor can not be criticised for enforcing the law as it is written in the statutes. The outcome will be watched with interest, especially in New Albany and Jeffersonville, so close to Louisville. Heretofore the law has been a dead letter. The front doors of saloons were closed on Sundays but there were side entrances.

Ambassador McCormick, who has been at St. Petersburg for years, and who knows the feelings of the Russian people and Government, says there is not a word of truth in the report that the Russians contemplate suing for peace with the Japanese. On the contrary, the Ambassador says the Russians are preparing for a more aggressive campaign and are confident of winning in the end.

President Roosevelt received a cordial welcome from the citizens of Louisville on the occasion of his visit here Tuesday. The President left a good impression on everybody who saw him and heard him. Those who looked upon him and listened to him believed that he means to be the President of the

whole people, and to give everybody a square deal.

The city last year collected \$287,000 for licenses, of which \$136,000 was received from the saloons. Our bonded debt was reduced \$11,000, and is now only \$8,509,000.

As we predicted, Judge Edward F. Dunne was elected Mayor of Chicago last Tuesday, his plurality being nearly 25,000.

ADOPT PLANS

For Raising Funds For Erection of New Club House.

Trinity Council held a large and enthusiastic meeting Monday night that was followed by a very enjoyable smoker and several interesting and pointed talks. Members were pleased to see Secretary Emile Mouth at his desk, though not entirely recovered from the effects of his recent illness. The announcement of the illness of Joseph Steirle was received with regret, but since then there has been a favorable change in his condition. Plans submitted by the Ways and Means Committee for raising funds with which to erect the new club house were approved by the council, and it will not be long until work will begin. Several architects will probably submit plans and specifications for the building, and when the selection is made it is expected to have sufficient funds to erect and equip the new home and have it ready for occupancy before next fall.

Attorney Newton G. Rogers has accepted an invitation to deliver an address Monday evening on Egypt, and a large attendance is desired by the council.

HAS BRIGHT FUTURE.

Christopher A. Luckert, Jr., whose likeness appears herein, received his diploma at the commencement exercises

CHRIS LUCKERT, JR.

of the Louisville College of Pharmacy last Tuesday afternoon, he being one of the thirty graduates of that institution. Mr. Luckert is a son of Mr. and Mrs. Chris Luckert, of 1890 Seventh street, and his parents can afford to be proud of the bright future that is predicted for their son, he not only graduating with high honors, but proving himself one of the most popular young men in the class with instructors and classmates alike.

GREAT CONVENT.

We have many great convents in this country and there are a number of great ones over the sea, but Australia evidently has something to boast of in the same respect. In a recent issue of the Sydney, New South Wales, Catholic Press it is stated that the Abbotsford Convent of the Good Shepherd, which was visited by the members of the Catholic Congress recently held at Melbourne, is one of the most notable religious institutions in Australia. It has within its walls a Magdalen asylum, famous lace works, an orphanage, a large day school, a beautiful church, a magnificent convent building for the Sisters and delightful and extensive grounds—some thirty acres in area—on the Yarra river. The convent of the Good Shepherd is, in fact, a small city, sheltering no less than a thousand inmates, the vast and complex interests of which are managed with efficiency and thoroughness.

Miss Anna Rapier, of New Haven, is the charming guest of her sister, Mrs. Richard Dawson.

Mrs. Kendrick Bowling, of New Haven, has been here as the guest of her sister, Mrs. Sam J. Dant.

Miss Katherine O'Connor has returned from Knoxville and is stopping at 575 West St. Catherine street.

Miss Kate Griffiths has returned from Chicago, where she spent two pleasant weeks with Mrs. John Keogh.

M. J. Sheridan and wife have been enjoying a short season of rest and recreation at West Baden Springs.

Thomas J. Keyer, formerly of this city, but now a prominent resident of Memphis, spent a few days here this week visiting relatives.

The many friends of Miss Mary Riley, of 1117 West Broadway, will be pleased to learn of her complete recovery from a severe attack of rheumatism.

We are pleased to note that Miss Katherine Morgan has recovered from an illness that confined her to her home and caused her numerous friends much apprehension.

Miss Josie Schmuck is suffering from an attack of muscular rheumatism at her home on West Chestnut street, and it will be several weeks before she will again be able to be out.

Mayor Grainger, who has been ill at his home on Third street for a week, is reported progressing toward recovery, though it may be several days before he can resume his official duties.

Mr. and Mrs. Walter Dorsey have moved from Jeffersonville to Lafayette, Ind., where Mr. Dorsey has accepted a position as engineer on the Monon between that city and Chicago.

The engagement of Miss Florence Hillerich, of West Broadway, has been announced. Her affianced is a prosperous and prominent resident of Atlanta. No date has been set for the wedding, but it will take place in June.

Mrs. Edward Hannan, of Jeffersonville, entertained Tuesday at her home, 1628 East Spring street, celebrating the eighty-eighth birthday anniversary of her mother, Mrs. Katura Henry. Among those present were Mrs. Turner, Mrs. Mary Riddle, Mrs. R. V. Reilly and Mrs. J. W. Kelly and Mrs. Kemper, of Louisville, each of whom is over seventy years old.

The many friends and admirers of Miss Norma Daum, of 1319 Rubel avenue, will be rejoiced to learn that her condition is much improved and that it will not be long until she can be with them again. Last week Miss Daum was stricken with appendicitis and on Saturday underwent an operation that was entirely successful. This news will bring a feeling of relief to all who know her.

LAST DANCE.

The Nonpareil Club will give the last dance of its series at the New Athletic Club on Easter Monday night, April 24. The club intends this to be the most enjoyable one of the series. At this dance the club will announce its plans for the summer, the arrangements for which are now being made. Two sunset excursions will form part of the summer programme, the first one of which takes place the last Saturday in May. The club recently elected the following officers for the ensuing term: President—Louis J. Kieffer. Vice President—Roy C. Campbell. Financial Secretary—William J. Daly. Corresponding Secretary—C. Nevin. Treasurer—Charles Parsons. Executive Committee—Thomas Clines, Gus Vacca, Bayless Keller and Mal Shaughnessy.

WILL DALY'S TRIP.

Will Daly, one of the most popular young men in the employ of the J. M. Robinson-Norton Dry Goods Company, left Wednesday night with Will Gahan for an extended Western trip in the interests of that firm. The Robinson-Norton Company is the largest of its kind in the South and to meet its increasing trade it was necessary to put another man on the road, and Mr. Daly was selected for the responsible position. He will be gone until July and will visit Illinois, Minnesota, the Dakotas and entire Northwest. Mr. Daly's friends will be glad to learn of his advancement, and it is hoped by all that his selection will result in a big increase in business for the house he represents.

LARGE ATTENDANCE.

At the meeting of Mackin Council on Monday night there was an unusually large attendance. While no business of importance was transacted it was one of the most enthusiastic meetings held for some time past. Two applications were received and the obligation was administered to Anthony Meagher. President Kerber appointed the Investigating Committee for the ensuing quarter. There is a steady increase in the number of members attending both the meetings of the council as well as the gymnasium class and a number of "old timers" can be seen at the club house regularly.

FORTY HOURS.

The beautiful forty hours' devotions will be held next at Holy Name church,

Fourth and O streets, beginning at the high mass tomorrow morning and closing Tuesday. Rev. Father O'Connor has prepared for a large attendance at these devotions, when nearly all in that section are expected to receive holy communion.

THE REASON WHY

Priests Are First at Disasters Where Human Life Is Involved.

Under the caption "easily answered," the Indianapolis Star has an editorial in answer to a correspondent who desires information. The Star is the leading morning newspaper in Indiana. Its answer to its correspondent is frank and full, and contains some valuable information. The editorial follows: "J. C. M." of Indianapolis sends the Star this note:

In this morning's issue—editorial column—is this query: "Why is it that whenever a tragedy occurs that carries away human life, you always hear of Catholic priests being active on the scene?" The fact that they are "always active on the scene"—whether it be the bursting of a boiler, a theater fire, a tidal wave or an epidemic of yellow fever—being granted, will the Star kindly give its conclusions and tell us "why it is?"

One reason is that the Catholic is the preponderant Christian denomination numerically in the United States, thus: Catholics, 9,891,000; Methodists, 6,192,000; Baptists, 4,725,000; Presbyterians, 1,661,000; Lutherans, 1,715,000; Disciples of Christ, 1,235,000; Episcopal, 782,543; Congregationalists, 659,000; Reformed, 390,000; United Brethren, 280,000. It is calculated that, taking the world over, there are 230,000,000 Catholics, 143,000,000 Protestants and 98,000,000 Orthodox Greeks.

The self-sacrifice and devotion of the Catholic priesthood and sisterhoods are as noteworthy today as they have ever been; and throughout the ages they have been an inspiration and an example everywhere to those who would avenge their fellow men. The annals of the brave men and devoted women of the Catholic church are those of almost unexampled service, heroism and self-sacrifice. This was the thought behind the Star's original comment.

All denominations are good, and in recognizing the merits of one we would not seem to discriminate against the rest, each of which has its peculiar merits of faith and practice; but while on the subject of the Catholic denomination it is perhaps fitting to mention the acute and comprehensive statesmanship with which that church has been directed. Its escape from many of the exciting and demoralizing agitations that perplex and embarrass other denominations does not result from chance, but from sagacious administration.

BACK TO ERIN.

"Ireland's Own Band" has no longer an organized existence in the United States, the majority having returned to Ireland. Eight of them went home immediately after their arrival in New York from St. Louis at the close of the World's Fair, thirteen sailed on the steamship Cedric on Thursday, March 23, and one sailed since then. A few remain here, and with some musicians recruited here propose to make a tour of the United States under the original name. It is for this reason that the United Irish-American societies of New York decided to notify their brethren throughout the country of the state of affairs and to warn them against being imposed on.

DESIRES HIS ADDRESS.

National Secretary Carroll was so impressed with the eloquent and able address on the "Catholic Press" delivered by Attorney Newton G. Rogers at the recent Hibernian banquet that he has written Attorney Rogers, expressing the opinion that it would be a splendid idea to have it published and asking for the copy. Secretary Carroll is positive much good will be done in the cause of Catholic Journalism by its publication. This is a high but well merited compliment to Mr. Rogers, who will comply with the request.

MEET NEXT WEEK.

Both the Federation of Catholic Societies and the Central Committee of the Catholic Knights hold their regular monthly meetings next week. Hereafter the sessions of the Federation will be held at the Catholic Woman's Club on West Walnut street. Dr. J. W. Fowler will be present to tell what was done at the recent meeting of the National Executive Committee.

The Central Committee will meet as usual at St. Mary's Hall, and as important questions will be discussed all delegates are urged to attend.

RACE PRACTICALLY OVER.

The race for Magistrate in the Eleventh and Twelfth wards is practically over and everybody concedes the nomination of Patrick T. Sullivan. Every day new friends are pledging him their support and his majority will be overwhelming. Possessed of the qualifications that go to make the just and fearless official, the litigants of his magisterial district are assured a square deal.

COME AGAIN.

Dr. M. Casey, of Carrollton, spent a few days here with friends this week and was a welcome visitor to the Kentucky Irish American. Though not entirely recovered from the effects of his recent operation the doctor was looking hale and hearty. He says the Carrollton council of the Y. M. I. is in excellent condition and increasing in membership.

The School Trustees at a special meeting held Thursday night elected Thomas Hines a truant officer. The selection is a splendid one and will be approved by the public at large.

HIBERNIANS.

What They Have Been Doing the Past Week—General News Notes.

Division 4 will give members for non-attendance at one meeting a month in the future.

There are now nine divisions in New Orleans and vicinity and several ladies' auxiliaries.

Division 17 of New York City has presented to St. Matthew's church a handsome statue of St. Patrick.

Bayonne Hibernians have raised over \$1,000 for the benefit of St. Euman's College, a trades school in Ireland.

Division 1 will meet Tuesday evening and Division 4 Wednesday evening in the new hall in the Hopkins Theater building.

It is estimated that 50,000 people were present in Madison Square Garden and Sulzer's Park at the great ball of the New York Hibernians.

The work of organizing continues in Minnesota. Steps have been taken for the formation of a new division at Hibbing and a ladies' auxiliary at Eveleth.

Division 2 of Eveleth, Minn., realized a snug sum from the St. Patrick's day entertainment, and at a large meeting donated the money to St. Patrick's church.

The order was never in so flourishing a condition in Texas as at present. Houston, Dallas, Beaumont and other cities have strong divisions and the membership is constantly increasing.

Members of Division 11 of Utica did not celebrate on March 17, but last week they assembled in St. Patrick's church hall and enjoyed a fine collation and smoker in honor of their patron saint.

The members of the ten Providence divisions turned out in unusually large numbers Sunday to witness a grand exemplification of the major degree honors and the initiation of thirty candidates.

Division 4 of Syracuse is arranging for a big initiation on May 19, when the degrees will be exemplified on a large class of candidates. The Sun says everything indicates the event will be most successful.

Division 7 of Syracuse is making great efforts to increase its membership. A committee is canvassing St. Patrick's parish and President Dwyer is determined to swell the membership to 500 this summer.

COURT CLERK.

The appointment of Ray Flanagan to the position of Quarterly Court Clerk, made vacant by the resignation of William Melone, given general satisfaction. For several years he was an assistant in the office and his experience qualifies him in every way for the position. Clerk Flanagan is the highest type of young man, and Judge Gregory is to be commended for appointing him.

The "Florida Limited," solid train of finest Pullman drawing room sleepers and vestibule coaches, with dining car service en route, leaves Cincinnati every morning via Queen & Crescent route, running through without change to Jacksonville via Chattanooga & Southern railway.

The Chicago and Florida special (beginning January 9), consisting of elegant drawing room sleepers, observation cars, etc., will leave Cincinnati every evening (except Sunday), running through solid to St. Augustine via Chattanooga & Southern railway, with dining car service en route.

Through Pullman sleepers to Jacksonville from Cincinnati every evening via Knoxville, Asheville and Savannah. From Louisville connection with all of the above trains is made at Lexington by trains of Southern railway. For "Land of the Sky" book, "Winter Homes" folder, rates, schedules or other information, address G. D. Allen, A. G. P. A. Southern railway, St. Louis; C. H. Hunsford, D. P. A. Southern railway, Louisville; W. C. Rincerson, G. P. A. Q. & C. route, Cincinnati.

MACAULEY'S.

For the first half of the week Macauley's offering will be "Piff, Paff, Peuff," a very amusing operatic comedy. A feature will be the singing of Fred Mace and the pony ballet, who do an original and very artistic bit of clowning. For the last half the attraction will be "Mrs. Wiggs of the Cabbage Patch," a play that needs no introduction here, its splendid dramatic worth, as well as its author, being well known.

HOPKINS' THEATER.

Herrmann, the great magician, will appear at the Hopkins at the head of next week's bill, performing some of the most noteworthy of his old tricks and introducing many new sensations. It is to be made a bill of headliners, and among the features will be found the eight Vassar girls, the Ellis-Nowlan trio, Vernon the ventriloquist, and McCue and Cabill.

BUCKINGHAM.

A carnival of song and dance, merriment and mirth is what may be expected by those who take in the Dainty Duchess at the Buckingham Theater next week. An array of pretty girls in their songs and dances maintain unbroken interest, while funny comedians keep up a round of laughter. This show is highly pleasing to patrons of this theater.

MASONIC.

The next attraction at Masonic Theater will be "Sherlock Holmes," the thrilling detective drama based upon Conan Doyle's wonderful character, and the one in which Herbert Keelcey and Effie Shannon scored such a great bit two seasons ago.

AUDITORIUM.

The movement for the erection of an auditorium should be encouraged. Louisville needs one badly, and it is to be hoped the meeting held last Friday night will result in the formation of an organization that will give the city such an auditorium as will meet all requirements, which are fast multiplying. The offer of City Treasurer Camp was a generous one and it is hoped it will be accepted.

IRELAND.

Record of the Most Important of the Recent Events Culled From Exchanges.

At Achill Island a community of nuns will shortly be established, it is said, the members of which will use only the Irish language in their intercourse with the people.

At a meeting of the Westport Board of Guardians, John Walsh presiding, the Achill relieving officer reported that owing to the opening of relief works in the island he was able to remove 110 cases from his out-door relief list.

The Committee of Management of the Munster Training College for Gaelic teachers have issued an appeal for help. The college is situated in the heart of an Irish-speaking district, Ballingearry. Close on eighty students who underwent a course of training in the college are now teaching the national language on methodical and scientific lines throughout the country. The success of the college has already far exceeded the expectations of its promoters. The work is a national one, and in a national community would be supported by the state.

Recruiting in Ireland, says the Freeman's Journal, is steadily reacting after the artificial stimulus given to it during the South African war. The recruits last year, notwithstanding the depression in employment, were 160 fewer in the Belfast district, 461 fewer in the Dublin district and 460 fewer in the Cork district, a total decrease of 1,087, or over 20 per cent. The Irish militia has decreased by 5,168, or nearly 20 per cent, also since 1900. The decrease in England is only 8 per cent, and in Scotland only 10. Ireland is ceasing to be a good recruiting ground.

The Most Rev. Dr. Fennelly, Archbishop of Cashel, opened a Feis at the grounds of the Thurles Agricultural Society on March 17. The day, in striking contrast to the recent boisterous weather, was beautifully fine, and the attendance was of fairly large dimensions, including a number of clergy from the archdiocese. The competitions mainly included music, dancing and singing. Some home industries were exhibited in stalls on the grounds. Throughout the various competitions his Grace the Archbishop remained on the platform, and repeatedly applauded competitors.

For some considerable time the Department of Agriculture and Technical Instruction have been carrying out a series of experiments at Inny, County Westmeath, in the manufacture of peat fuel. Their experiments were very successful and went to show that such fuel could be manufactured and placed on the market at a good working profit, and without demanding an exorbitant initial outlay on "plant." J. T. Tallow, who has been conducting the experiments for the department, intends undertaking like work at a near date on a bog in the vicinity of Castleconnell, County Limerick.

Language week was inaugurated in Dublin by the greatest public demonstration that Ireland has seen since the days of O'Connell's "monster meeting," and in order, discipline, organization and perfect arrangement of detail it far surpassed anything that has ever taken place in Ireland. When the magnificent procession closed with a monster public meeting in the greatest open space in Dublin, old Smithfield Market, Dublin's Catholic Archbishop sat on the platform beside Douglas Hyde, the Protestant minister's son, who is President of the Gaelic League and who is the soul of the movement. This was the new Ireland perfectly typified.

RECENT DEATHS.

The funeral of Patrick Francis took place from the Church of the Blessed Sacrament Tuesday morning at 9 o'clock. Deceased was the son of the late Mr. and Mrs. John Francis and resided in Bowle's Addition. The interment was in St. Louis cemetery.

The funeral of George Murphy, who passed away Sunday morning, took place Tuesday from St. Aloysius' church, Rev. Father O'Grady celebrating the mass of requiem and pronouncing a feeling discourse on the subject of death. Deceased was a son of the late Catherine Murphy and was held in high esteem and respect by his numerous friends and relatives.

Mrs. Mary J. Dunne, for many years a resident of the West End and a devout member of St. Patrick's church, died Tuesday night at her late home, 1733 Duncan street, at the age of fifty-eight. She leaves one son and two daughters, the former a well known telegraph operator. The funeral occurred Thursday morning with solemn high mass of requiem at St. Patrick's.

Miss Catherine Murphy, a well known trained nurse, died Wednesday morning at St. Anthony's Hospital, after an illness of only a few days. Six years ago she came to Louisville from her home at Logansport, Ind., and since receiving her diploma she had been very successful. The remains were taken charge of by Gran Smith's Son and were shipped to Logansport, where Miss Murphy leaves a widowed mother and a brother and sister.

KELLY WITH OLDMAN.

James B. Kelly, one of the best known men in the city, has gone with Alf Oldham, candidate for City Court Clerk, and will be one of the deputies in the event of his election. Jim has a large following of personal friends and his selection for deputy will make many votes for Mr. Oldham.

RECEIVES AMERICANS.

The Pope last Saturday received in private audience Mrs. Burton Harrison, Mr. and Mrs. Francis Burton Harrison and Miss Francis of New York; Miss Wade Hampton, of South Carolina; Miss Herndon, of Virginia, and Mr. and Mrs. Charles Knapp, of Baltimore.

HINTS ON STYLE.

Tempting are the many robe patterns and unmade embroidered linen waists. Irish crochet lace will make many of the summer hats to be worn with thin dresses.

Very simple gowns, of bandkerchief linen, very fine and sheer, are embroidered freely on both skirt and waist.

The parasols that have made their appearance are diaphanous affairs, looking as though a breath would blow them away.

The French blouses buttoned in the back and more or less elaborate are bound to be popular this year, as they were last.

China silk petticoats to be worn under lawn and diaphanous are made very pretty with shirred ruffles, band embroidered in large dots.

Ready to wear hats are mostly of chip. A French chip plateau trimmed with roses in mahogany shades is one of the attractive models to be seen.

The newest shopping bags, almost square, are carried by means of a strap, through which the hand slips easily. Inside are places for the small change, purse, memorandum book, etc.

For those who like madras waists there is a sufficient variety to choose from. The patterns seem to be smaller than they were last season, and somewhat less suggestive of table linen.

Five out of ten of the summer gowns already seen are made with guimpes or chemises, and the shops are showing tempting little hand-made mull and linen affairs, laced and embroidered. An odd lingerie hat is in vogue in style, with the stiff lines softened by the material it is made of, which is nothing but the finest of frills of airy pink lace. It is trimmed with stiff white camellias.

Chameleon silks in a shimmer of soft, pale shades, change with every light into new beauty. Each is a combination of several colors, yet each is dominated, though ever so slightly, by one of them.

A stylish gown seen on a young girl was made of black cashmere, with a full skirt entirely plain, save for two deep tucks above the hem. The blouse was trimmed with a bit of Irish lace, and brightened up with Persian medallions combining many bright colors, only two or three being used.

To moisten black lead use vinegar. The effect will be much better than if water is used.

COL. I. B. NALL,
Candidate For Legislature in the Forty-ninth
Legislative District—Eighth and
Ninth Wards.

Among the prominent and well known
Democrats of Louisville the subject of
this sketch will be recognized as most
worthy of support from all who stand by
party principles and party rules. He
has always been willing to sacrifice per-
sonal feeling to the good of the party.
Twice has he been honored with a nom-
ination on the State Democratic ticket
and he served a term as State Commis-
sioner of Agriculture, Labor and Statis-
tics in troublous times, but with credit
to himself and to the party which trusted
him. He is favorably known all over the
State, and particularly among the sturdy
farmers, and will be in position, if
elected to the Legislature, to protect the
interests of our city against attempts to
injure it by adverse legislation.

Prices and Piano Standards.

Ever since we have been in business we have made prices and standards
—lower prices and higher standards. But it isn't price alone that
makes one store better than another, nor quality, nor variety, nor
courtesy, nor liberality. It is all of these and more—the desire and de-
termination to do the best for you at every step and in every direction.

The Piano of your choice is here, and they were never finer. But that
is the least of the story. The greatness of this Piano Store, the thing
on which it chiefly prides itself, lies most of all in its constant readi-
ness to serve you, its determination to win your confidence and
respect by fair and honorable dealing.
